Gifts from YOU!

THANK YOU FOR YOUR FAITHFUL SUPPORT.

You are a blessing to people who have been suffering in silence. Many may have once been individuals with great promise and drive. But something happened along the way; an addiction, a destructive relationship, a devastating health issue, a poor choice, an emotional break... something that became the first step in a long, spiraling, and out-of-control journey, leading to the desperate need for the services we provide. No matter the reason, your gifts ensure we are here to greet them as they arrive – to offer compassion, to provide real solutions to real problems, and to give them HOPE that can only be found through Jesus Christ! Together, we help people discover the life God intended them to have.
